

Personal statement

With more than **10 years of experience**, I'm a profound web technologies lover. Work organization seeker, and as passionate about my job, I'm a fast learner: give me something new to test and learn, and you'll make me the most happy person in the world. Effective communicator with people at all levels, easily making strong working relationships. Lately, I've been dealing with: **NextJS, React, Strapi, ThreeJS, Tailwind**, and **Javascript/Typescript**. Music lover and guitar player since I was 12. 3D printer wanna be. Proficient in English and Italian.

Skills

I'm currently dealing (and I've dealed) with: Typescript, Javascript, Node, HTML, CSS, Unix, Git, Strapi, NextJS, React, SQL, Firebase, TailwindCSS, Netlify, Jest, Cypress, Webpack, Redux, Apollo, Styled Components, Material UI, PostgreSQL, MongoDB, Figma, Illustrator, Photoshop.
